

The UCEM lamp post was already situated at UCEM's Lincoln's Inn site when it was purchased in 1919. The lamp post has since followed the College to St Alban's Grove in Kensington, Whiteknights and, finally, Horizons in Reading.

WELCOME TO OUR CENTENARY YEAR!

After months of preparation, we are excited to launch our programme of celebratory events and activities to mark 100 years of UCEM.

We have lots of exciting plans for the year – from our flagship event at the Crystal in London, which houses the largest exhibition on sustainable cities in the world, to our exhibitions at Reading Museum and the Museum of English Rural Life, exploring the University College's social and historical impact across the century.

Our employees will be giving back to the local Reading community by volunteering for various charities and organisations, and we are also very excited to announce the launch of the UCEM Centenary Fund, designed to support an additional 100 students to embark on a career in the Built Environment.

All the events and activities will showcase our heritage, celebrate our successes and look to the future of the Built Environment as we continue to dedicate ourselves to our position as the leading vocational, online university.

So, whether you're a UCEM student, alumnus, member of staff, friend or supporter, there will be opportunities for everyone to get involved throughout the year. Have a read through the calendar below and keep your eyes peeled for further updates...
