“ The VLE provided me with the flexibility to strike a balance between work and study. It also provided an excellent platform for me to **communicate and discuss course- work** with international cases with my **class-mates all over the world.** ”

Chan Sui Kai
MSc Real Estate

MBA Construction and Real Estate

Our MBA programme, accredited by the CIOB, CABE, CMI and RICS, is a leading, specialist MBA that focuses on business and management principles within the international construction and real estate industries. The programme attracts real estate and construction professionals from around the world, offering virtual networking and exchanges of experiences in different international contexts.

This MBA provides a rigorous understanding of key property and construction subjects alongside core management disciplines such as finance, organisational leadership, strategic change management and marketing.

Assessment	(33%)

Yr	Smtr	Autumn (UK) entry	Spring (UK) entry
1	smtr 1	Leading and Managing People	Principles of Marketing
		Strategic Management of Change	Management of Finance and Science
2	smtr 2	Principles of Marketing	Leading and Managing People
		Management of Finance and Science	Strategic Management of Change
1	smtr 1	Planning and Development	Planning and Development
		Elective modules (choose one from): Investment Appraisal and Portfolio Management or Management of Construction or Property Management or Valuations and Ethics	Elective modules (choose one from): Property Transactions or Procurement and Tendering
		Postgraduate Project	Postgraduate Project
2	smtr 2	Elective modules (choose one from): Property Transactions or Procurement and Tendering	Elective modules (choose one from): Investment Appraisal and Portfolio Management or Management of Construction or Property Management or Valuations and Ethics
		Postgraduate Project (continued)	Postgraduate Project (continued)

A photograph of a young woman in a black graduation gown and cap with a blue and red academic hood, smiling and shaking hands with a man in a dark suit, white shirt, and striped tie. They are in a room with wooden paneling and a large window in the background.

“ I chose to study at UCEM because of its esteemed reputation in the industry. UCEM’s degrees are recognised by HKIS and RICS which means I am qualified to become Chartered.

All the Module Leaders and Tutors were very willing to help and I never felt alone during my studies. The VLE platform is very user-friendly so it makes studying more efficient which is very important for those who have little time to study each day after work.”

Billy Diec
(Assistant Quantity Surveyor,
Arcadis Hong Kong Limited)

Study Online

Just because you're studying online, it doesn't mean you're studying alone. You'll study alongside a vibrant student community, with access to our experienced tutors and a wealth of learning resources, all at your fingertips.

Virtual Learning Environment

- Induction resources to prepare you for online learning experience
- Online assignment submission, feedback and results
- A network of discussion forums shared by fellow students and Tutors
- Comprehensive study skills to guide your academic journey

Flexible learning

- Earn while you learn. Our programmes will fit around your work and personal commitments
- Conveniently catch up on scheduled learning materials you may have missed
- Access to your learning materials to study wherever you are with an internet connection

State of the art learning

- Rich resources and tools to support your education and build your knowledge and skills
- Learn through online seminars, briefings, tutorials and drop-in sessions
- You'll also have access to our fantastic e-Library service, which hosts a rich collection of e-books, journals, articles and other online resources, enabling you to access a wealth of subject-specific and credible information to support you throughout your studies

Support

UCEM offers the best possible support and guidance to facilitate the student experience. From the moment you enrol, there are a range of services to guide you through your online learning experience.

Student Services

Academic support tutors

This team will help you navigate the world of online learning. Whether you need help using the VLE, the e-Library, understanding how to submit assignments, or managing your workload, these tutors are here to help you in a variety of ways throughout your studies.

Academic support

Our academic staff are experts in their fields and are here to make your studies with UCEM both stimulating and inspiring, whilst offering vital support and guidance along the way.

Student Engagement Team

Your first point of contact as a student. They will support you in your studies and queries, ensuring you're put in touch with all of the right teams and services within UCEM.

Module tutors

Your module leader is assisted by a team of module tutors who provide additional support via the weekly discussion forums and through webinars.

Disability & Wellbeing

The Disability & Wellbeing Team offers the best possible support for students with disabilities or wellbeing concerns. Get in touch with our team of advisors who are ready to offer you guidance, support and assistance during your studies.

Programme Information

MSc entry requirements

Entrants onto our MSc programmes are normally required to have attained one of the following:

- A Bachelor's degree with honours at lower second standard (2:2), or equivalent
- A Bachelor's degree, or equivalent, plus experience in a relevant field
- A Level 5 qualification as defined by the Framework for Higher Education Qualifications for England, Wales and Northern Ireland (FHEQ), plus five years' relevant experience
- A professional qualification plus five years' relevant experience

For more information on entry requirements please [visit the programme page](#).

All UCEM programmes are taught and assessed in English. Therefore entrants need to demonstrate adequate proficiency in the language before being admitted:

- GCSE - Grade C (or 4) or above in English Language or English Literature, or an equivalent qualification
- IELTS - Grade 6.0 or above, with at least

6.0 in the reading and writing modules, in the International English Language Testing System (IELTS) test administered by the British Council in the academic test

For further information on equivalent qualifications please visit: ucem.ac.uk/study-with-ucem/international-students/language-requirements

Assessment

Modules are assessed through a variety of assessments. Combinations of module assessment vary across programmes and from module to module. In line with the supported online education offering at UCEM, online resources will be made available in preparation of, and in conjunction with, assessments. Assessments no longer features examinations, which means no travel to exam centres.

Access and Participation Plan

UCEM is committed to widening access and participation by providing education that is accessible to all, to enable students to achieve and develop in their careers. For more information about this, please visit ucem.ac.uk/about-ucem/ucem-policies

Fees and Funding

Flexible payment options

Like with our method of learning we also offer flexibility when it comes to paying for your programme. You can choose to make a one-off payment at the beginning of each semester or we also offer an instalment plan to allow students to pay for each semester in five monthly installments to spread the cost.

If your employer is sponsoring you, we can invoice them directly for all or part of the cost, you will need to complete a sponsorship found on our website.

For more information about payment options and to access sponsorship forms please visit ucem.ac.uk/fees-and-funding

Additional fees

If you do not pass a module at the first attempt, you will normally be offered a resubmission free of charge. If you fail the resubmission, you will normally be required to pay the full module fee when you retake the module. If you suspend or defer a module you will be able to return to study that module at the next available opportunity

free of charge (except for any project module where you will be charged 50% of the module fee). If you do not return to study the module at the next available opportunity, the full module fee will be charged when you do return.

Centenary Fund

To celebrate our centenary year in 2019, UCEM launched the UCEM Centenary Fund.

The UCEM Centenary Fund is designed to enable students who may not otherwise have access to a career in the built environment, or who may not be able to progress their career in the built environment, to embark on a programme of academic study with us.

Careers advice for three years following your graduation

Access to our mentoring programme

With over **150,000**

UCEM Alumni and counting, you'll join a vast and growing community

Sustainability

Sustainability is as much about our future as what we do today. The Built Environment encourages sustainable thinking and UCEM is leading the way in educating the sector's future leaders.

Educating sustainability

Realising UCEM's sustainability potential goes beyond addressing day to day operations, to recognising our position to influence and educate industry professionals who design, develop and manage the Built Environment. Delivering academic excellence is one of UCEM's primary goals.

UCEM's sustainability commitment

"UCEM fully accepts its responsibilities to the natural environment and the global society. We are committed to driving forward the sustainability agenda and will play a positive and transformative role that will contribute to securing an economically, politically, environmentally and socially sustainable future."

Environment

UCEM is proud to have been the first alternative provider to be awarded the Responsible Futures accreditation by

the NUS (National Union of Students). This highlights UCEM's commitment to promoting sustainability and social responsibility. UCEM was also recognised with a 'Highly Commended' accolade at the Green Gown Awards.

UN sustainability goals

The United Nation's Sustainable Development Goals outline 17 interconnected objectives in order to achieve a better and more sustainable future for all. These goals address the challenges we face as a planet, including poverty, inequality, climate change, environmental degradation, peace and justice.

The UN sets out to achieve these wide reaching goals by 2030, and UCEM is working institutionally to achieve these goals where possible, as well as striving to incorporate them into our curriculum. We are currently in the process of mapping our curriculum to these goals, so check our website in the future for more information.

United Nations Sustainability Goals
