Programme overview

MBA Construction and Real Estate

Our MBA programme, accredited by the CIOB, CABE, CMI and RICS is a leading, specialist MBA that focuses on business and management principles within the international construction and real estate industries. The programme attracts real estate and construction professionals from around the world, offering virtual networking and exchanges of experience in different international contexts.

This MBA provides a rigorous understanding of key property and construction subjects alongside core management disciplines such as finance, organisational leadership, strategic change management and marketing.

Online study

Studying online doesn't mean studying alone. You'll study alongside our vibrant and growing student community and have access to our experienced tutors and a network of discussion forums to enrich your studies.

State-of-the-art learning

- Induction and comprehensive study resources to prepare you for your online learning experience
- Online assignment submission, feedback and results

Flexible learning

- Earn while you learn. Our programmes will fit around your work and personal commitments
- Conveniently catch up on scheduled learning materials you may have missed
- Access to your learning materials to study wherever you are with an internet connection

Virtual Learning Environment (VLE)

- Rich resources and tools to support your education and build your knowledge and skills
- Learn through online seminars, briefings, tutorials and drop-in sessions
- You'll also have access to our fantastic e-Library, which hosts a vast collection of e-books, journals, articles and other online resources, enabling you to access a wealth of subject-specific and credible information to support you throughout your studies

Support

Students can be confident in UCEM's online teaching expertise. We've outlined just some of the features of our online education model below, so that you can be confident that studying with UCEM is the best choice for you.

Academic support tutors – This team will help you navigate the world of online learning. Whether you need help using the VLE, the e-library, understanding how to submit assignments, or managing your workload, these tutors are here to help you in a variety of ways throughout your studies.

Academic support – Our academic staff are experts in their field and are here to make your studies with UCEM both stimulating and inspiring, whilst offering vital support and guidance along the way.

Student engagement team – Your first point of contact as a student. They will support you in your studies and with queries, ensuring you're put in touch with all of the right teams and services within UCEM.

Module tutors – Your module leader is assisted by a team of module tutors who provide additional support via the weekly discussion forums and through webinars.

Disability and welfare – UCEM has a dedicated disability and welfare team who work to provide all students with the support and tools they need to succeed. Support is available to students with a large range of disabilities, health conditions and learning difficulties.

Programme information

Entry requirements

Students are required to be 18 years or over at the start of their programme.

Academic requirements

You will need:

- A Bachelor's degree with honours at lower second standard (2:2) or equivalent and be employed in a relevant role

For a full outline of all qualifications we accept, visit [the programme page entry requirements](#).

English language requirement

You will need:

- GCSE Grade 4 (or C) or above in English Language or English Literature, or an equivalent qualifications

For a full outline of all equivalent qualifications we accept, visit [the programme page entry requirements](#)

Assessment

Your module performance will be evaluated through a variety of assessments. Combinations of module assessment vary across programmes and from module to module. In line with the supported online education offering at UCEM, online resources will be made available in preparation of, and in conjunction with, assessments. Assessment no longer features exams, which means no travel to exam centres.

Access and participation plan

UCEM is committed to widening access and participation by providing education that is accessible to all, to enable students to achieve and develop in their careers. For more information, please visit [our policies page](#).

Fees and funding

Flexible payment options

Like with our method of learning we also offer flexibility when it comes to paying for your programme. You can choose to make a one-off payment at the beginning of each semester or we also offer an instalment plan to allow students to pay for each semester in five monthly instalments to spread the cost.

Additional fees

If you do not pass a module at the first attempt, you will normally be offered a resubmission free of charge. If you fail the resubmission, you will normally be required to pay the full module fee when you retake the module. If you suspend or defer a module you will be able to return to study that module at the next available opportunity free of charge (except for any project module where you will be charged 50% of the module fee). If you do not return to study the module at the next available opportunity, the full module fee will be charged when you do return. Please [visit our financial support page](#) for more information.

Scholarships

Our Postgraduate Scholarship Scheme is designed to assist those new students who are able to merit financial support and demonstrate a strong academic record in their previous studies.

It is open to new postgraduate students from all countries and will provide a discount of up to 50% off fees for the duration of the programme. To apply for a postgraduate scholarship from UCEM, you must first be offered a place on a degree.

Graduation

Graduation is just the beginning of your journey with UCEM. Upon graduating, you'll be an UCEM alumnus/alumna, which means gaining access to fantastic benefits.

- 15% discount on all online CPD with UCEM Online Academy
- 15% discount on courses designed to provide a route to chartered membership of CIOB
- 10% discount on any one of our postgraduate programmes
- A dedicated Alumni LinkedIn group where you can network and keep up to date on UCEM news and events
- Invitations to all Alumni Association CPD and networking events
- Careers advice for three years following your graduation
- Access to our mentor programme

With over 150,000 UCEM alumni and counting, you'll join a vast and growing community.

Sustainability

Our sustainability commitment

“UCEM fully accepts its responsibilities to the natural environment and the global society. We are committed to driving forward the sustainability agenda and will play a positive and transformative role that will contribute to securing an economically and socially sustainable future”

Sustainability is as much about our future as what we do today. The built environment encourages sustainable thinking and UCEM is leading the way in educating the sector's future leaders.
